

Montana Voters Survey  
Sept 29 – Oct 1 2024  
N=500

# About the Poll

Sponsored by 1776 Foundation and Montana Public Policy Center, the Montana Pulse program conducts a series of public opinion polls several times per year. Each poll measures Montanans attitudes on elected officials, current policy proposals and a variety of other timely topics. The results of each poll are made available for free to the media and the general public, so that all Montanans can keep a pulse on important issues and the elected officials leading our state.

We surveyed 500 Montana voters on September 29 to October 1, 2024. We use a combination of traditional telephone survey and an online survey tool to interview randomly selected participants from a demographically diverse panel. Utilizing this methodology ensures we are able to reach voters that have abandoned landline telephones. The margin of sampling error for the sample is +/- 4.34 percentage points.
